Commentaires:

1. Dans le cas de la plate-forme xStation, la valeur de la marge calculée pour les positions de couverture est la valeur de la marge calculée pour l'achat ou la vente de positions ouvertes, selon la valeur la plus élevée.
2. La valeur nominale du portefeuille, telle que spécifiée dans les CG, s'applique à toutes les positions ouvertes détenues par le client dans tous ses comptes de négociation, à l'exception des positions sur les CFD sur actions et les CFD sur ETF.
3. Les valeurs nominales des positions individuelles, qui constituent le portefeuille du Client, sont converties en euros sur la base des taux XTB à intervalles réguliers tout au long de la durée de vie de chaque position.
4. Le client peut choisir le groupe de valeur nominale du portefeuille tel que spécifié dans le tableau ci-dessus. Si l'ouverture de nouvelles positions entraîne un dépassement de la valeur nominale maximale du portefeuille, ces positions ne seront pas ouvertes.
5. La valeur nominale des positions couvertes est la valeur nominale de la position d'achat ou de vente, selon la valeur la plus élevée.
6. S'il existe un soupçon justifié que les comptes sont gérés par une personne ou le groupe de personnes liées les unes aux autres, ils seront affectés au même groupe de valeur nominale du portefeuille et ils auront des exigences de marge correspondant au groupe mentionné.
7. Si le ratio pourcentage Capitaux propres/Marge (appelé Niveau de Marge) est inférieur à 100 % et qu'il y a au moins une Position Ouverte sur le Compte du Client, il n'est pas possible d'ouvrir un nouvel Ordre - sur la Plateforme de Trading xStation.
8. Dans le cas de la plate-forme xStation, le changement du groupe de valeur nominale du portefeuille, qui entraîne un changement des exigences de marge, n'affectera que les positions nouvellement ouvertes et la marge collectée pour les positions ouvertes plus tôt restera inchangée.
9. La valeur nominale maximale du portefeuille pour les comptes à risque limité (LRA) est égale à 10 million d'euros.
10. Marges collectées à l'ouverture des transactions relatives aux CFD sur actions, CFD sur ETF :

20%
